

Abdul Haseeb

MOBILE APP DEVELOPER

ah.haseeb69@gmail.com | www.linkedin.com/in/ah-haseeb/ | [Portfolio Soon](#)

Flutter developer passionate about creating engaging, scalable mobile applications with Dart and Firebase. Skilled in building responsive UIs, state management, and API integration. Eager to contribute problem-solving skills and technical expertise as a Flutter Intern to deliver impactful real-world apps.

AREA OF EXPERTISE

Cross-platform Mobile Development
API Integration
Git/GitHub

Firebase & Backend Development
Kotlin
Debugging

SQLite and SQL
Modern Animations

Projects

Workout Shuffle App

Built a Flutter app that dynamically generates randomized workout routines. Increased user engagement by introducing variety and reducing workout repetition. Showcased skills in state management and user experience optimization

BMW Clone App

- Developed a fully responsive Flutter app replicating BMW's UI with smooth animations. Demonstrated strong proficiency in navigation, animations, and pixel-perfect UI design.

Netflix Clone App

- Created a scalable Flutter Netflix-style app with adaptive layouts and content browsing features. Integrated responsive UI techniques to ensure seamless experience across device
